Survey Name: Western Economic Services Data Request

Survey Description: Western Economic Services is once again requesting data for statistical purposes. Typically they request this data once a year for the housing inventory they compile for WCDA. They will look at information such as the jurisdiction, sales date, the adjusted sales price, the year built and land size for all active accounts with a certain OCC Code and BLTASID. Traditionally they have requested sales information for any sales of Single Family Residence, Townhomes or Condos, Duplex, Mobile Homes on Foundations and Modular's on Foundation, within the past year. The contact person for Western Economic Services is Robert M. Gaudin, Director of Research and Planning, 503-239-9091. We have created a survey asking for your permission to provide this information to them. The survey will close on Friday, May 14, 2010.

 Total: 23

2. If you selected "With Conditions" from the previous question, please explain.

what information will be given just land size and sale date? I didn't know we could divulge any sale prices?

1 (17%)

Isn't sales information confidential? Do not include sales information.

1 (17%)

I am assuming only sales dates will be included - NO Sales prices!

1 (17%)

why do I have to do this every year?

1 (17%)

They **can not** have sale prices of any individual properties. They can have the average sale price which should be calculated before giving them the data. Land size without an individual sale prices would seem to be useless. I need more information. Until then the next answer is no.

1 (17%)

All information that is permitted by law. No sales information that we cannot share with our taxpayers unless signed approval.
