WYDOR007 Add ability to run NOV by group account - 4.10	Dave Chapman	KO Clifton		2/1/2006 2:38 PM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig	Dave. Please follow up with me as to how they want to handle the presentation of prior year values on the NOV for group accounts. Also ...do they want a list of the account numbers in the group on the doc.	11/10/2005 7:18 PM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig	Scheduled for 04.10 release.	7/16/2005 10:31 AM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig	Dave, We can design the system so that it sums across the accounts. Do you want to show all of the account numbers on the NOV or just show the group account number? Showing the account values separately would require a different approach to how we would program and would therefore have to be handled in a separate work order. Do ALL counties just show the sum? Please let me know your thoughts.	7/16/2005 10:29 AM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig	Added information concerning the requirement that all accounts in a group are in the same tax district.	7/5/2005 2:46 PM
WYDOR007 Add ability to run NOV by group account	Stacey Lustig	Stacey Lustig	I want to make sure that I understand. This will stretch across account numbers within a group. It will total all those SEQNO's as if they were one account in the present set up and it will use the administrative name, address, etc. from the group account? Does this conflict at all with the requirements of your other clients?	5/10/2005 10:45 AM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig		4/28/2005 8:28 AM
WYDOR007 Add ability to run NOV by group account	Dave Chapman	Stacey Lustig	Please review. Call with comments or concerns or approve if acceptable.	4/26/2005 4:51 PM
