

# Work Order Quote

**To:** State of Wyoming  
**Today's Date:** April 20, 2005  
**\*WO #:** **WYDOR013**  
**Budget:** Customization  
**Scope:** **Miscellaneous Oil and Gas Enhancements**  
**Estimated Release** **December 2005**  
**Estimate of Hours:** 35 hours  
**Specifications:**

## System Changes

1. The Well Name and Well Number fields on the Well tab will be widened to show 30 characters
2. The Well Name field on the Equipment tab (opt2) will be widened to show 30 characters.
3. The Equipment tab will be enhanced so that it has several drop down boxes along the right hand side of the tab. These drop down boxes will allow the user to filter the data showing on the equipment tab by Well Name, Well Number, or API number.
4. The Oil and Gas Profile report will be enhanced so that all of the equipment is shown in subset by Well Name. Currently the data is sorted by well name but they are all in one list. The new report will break the list up by Well Name.
5. The Oil and Gas Profile report will be enhanced so that the Assessed value is displayed per line item. Total Assessed Value will be displayed at the bottom of the report.
6. Oil and Gas Abstract codes will be coded with an "O" for the abstract type. The Oil and Gas user screens will be enhanced so that only abstracts with the tlkpAbstractCode.AbstractType set to "O" will display on them.
7. The Description Type field drop down box on the Oil and Gas Equipment tab will be expanded so that it will show 45 characters.
