

Work Order Quote

To: State of Wyoming
Today's Date: July 26, 2005
WO #: WYDOR017
Budget: Customization
Scope: Oil and Gas Equipment Maintenance
Estimated Hours: 60 hours
Estimated Release Date: December 2005
Specifications: Oil and Gas module will be enhanced so that the maintenance of the equipment associated with each well name can be done more easily and efficiently.
The User will be able to select a well name from the well tab. All of the equipment associated with that well will be present to the User by itself. The User will be able to add and delete lines for the individual well's equipment list.
All fields that currently show on the equipment list will available. The User will be able to set the order that the fields are presented and the column widths for each field.
The User will have the option to print a report that will list a summary of all equipment for that well.
