Oil and Gas Equipment Maintenance - 4.11	JoyIn.Stotts	Dave Chapman	JoyIn, Please take a look at this and provide me your comments. dc	10/2/2006 10:20 AM
Oil and Gas Equipment Maintenance - 4.11	Dave Chapman	Stacey Lustig	We have determined that it will be easier for the User to filter the Equipment by well name from the equipment tab rather than from the Well tab. We are adding a drop down box to the Equipment tab with the list of Wells on that account. They will then pick one and the form will filter for that single Well's equipment. Please call me if you have any concerns about this change of plan.	11/21/2005 8:34 AM

Oil and Gas Equipment Maintenance	Dave Chapman	Dave Chapman	That sounds good. Thanks for the info.	8/9/2005 11:38 AM
Oil and Gas Equipment Maintenance	Dave Chapman	Stacey Lustig	This would not change structure of data or DataMart. This is really just an enhancement to present the data in a way that is simpler for the counties to use given the large number of wells and equipment on each account.	8/8/2005 12:27 PM
Oil and Gas Equipment Maintenance	Stacey Lustig	Dave Chapman	Would any of these new edits affect the form and format of the DataMart or general Statewide uniformity?	8/8/2005 10:28 AM
