Subject: VOTE NOW! WO#8 - Add On Request - Sublette County

Enhancement: Janet Montgomery wrote: The reason I had the utilities entered as add ons with a mobile home or an out building was my field listers could readily see that the property was being assessed separately for utilities. If a mobile home was converted to real property, my personnel readily saw that the utilities should be removed at that time.

The following items are being requested:

| | | |
|-------------------------|-------|--------------|
| All Utilites | 12000 | Out Building |
| All Utilities | 12000 | Mobile Home |
| All Utilities QA | 12000 | Residential |

| Detached Garage Average | 22.48 | Mobile Home |
| Electric | 2000 | Out Building |
| Electric | 2000 | Mobile Home |
| Marbleton Utilities | 10000 | Mobile Home |
