Batch Processing Sales Consideration Forms	KO Clifton	Dave Chapman	I forwarded this workorder to the Appraisal Services Group. Basically, they indicated that this work order could be canceled. According to Jeff and Ken, most counties have their own sales verification process in place. The SOC form is filled out by the buyers realtor and is signed at the closing. Subsequently, they see no need to have this printed out of RealWare in Mass. Unless you have heard something different from the counties, I recommend we cancel this order.	6/12/2006 4:12 PM

Batch Processing Sales Consideration Forms	Dave Chapman	Stacey Lustig	This work order was initiated from our understanding of the RFP. The basic concept of this work order is that the Sales Consideration forms would be available for printing from the sales screen. DOR would have to send us a layout so that we would know what they wanted the document to look like. The work order would also provide a batch printing capability so that all of the sales consideration forms could be printed at the same time maybe at the end of the day. Could you provide us with a layout for this document? Is this in fact something that you would like added to the system?	5/2/2005 10:37 AM
Batch Processing Sales Consideration Forms	Stacey Lustig	Kevin OConnell	Stacey - let Kevin know if you need any further information to complete this workorder. Also, could you answer DC question he posed on 10/1 RE: the general concept of this workorder?	10/4/2004 4:06 PM
Batch Processing Sales Consideration Forms	Cindy South (CCI)	Stacey Lustig	Can you answer David Chapmans question below?	10/4/2004 10:18 AM
