

Full Name	Based on the above information, how many students would you anticipate in sending to the conference? (Please enter a number)	The DOR can usually save money on the rental of a facility if we can block out a set of guest accommodations for the students. How many rooms will you require? (Please enter a number).	Use in these rooms, what type of room will you require? (You may add other types if necessary.)	What is the maximum reasonable amount your county would be willing to pay for a room per night? (Please provide a dollar amount.)	Do you have any additional suggestions for class content?
Shelley Deromedi	4	4	1 Double	\$70.00	
Susan Dewitt	5	5	1 double, 3 singles	\$70.00	
Dixie Huxtable	4	2	2 Doubles	\$80.00	Class content and class location would help determine the number staff members attending. dedicating specific time to the CAMA system, for both new and advanced users is a great idea. Other topics important to us, including sketching, interpreting blue prints, statistical analys, writing queries that would be used by every county would all be good ideas.
Dave Rauzi	4	4	1 Double	\$70.00	Marshall valuation and how in is used in Real Ware New Real Ware Valuation tools Pen Pads
Tina Conklin	2	2	1 Double	\$80.00	
Dorothy Elsom	2	1	2 Doubles	\$70.00	
Brenda Arnold	2	2	1 Double	\$70.00	It is difficult to answer. We plan to rotate based on the topic. I used 2 as an average. We do have 5 new employees that would attend the end user training. If held in Casper we may drive back and forth.
Debbie Larson	2	2	1 Double	\$100.00	not at this time
Sheryl Snider	4	2	single	\$80.00	No other suggestions on content as the replies of suggestions already posted, I agree with all mentioned. On location of class, a central location would be good as we will have to rotate employees.
Debbi Surratt	2	1	1 Double	\$70.00
